Experience

Aptech

Hyderabad - Pakistan

2021 - 2022

Independently developed a dynamic online news portal using PHP, MySQL, HTML, CSS, and JavaScript. Designed and implemented a user-friendly interface for readers to browse, search, and read news articles. Integrated a secure admin panel for content management, allowing editors to publish, edit, and delete articles. Utilized PHP sessions for user authentication and a DCccess control.

Freelancing Project

Hyderabad - Pakistan

2023 August - 2023 October

I created a fully functional e-commerce website using Bootstrap and Django, a popular Python web framework. This project aimed to provide users with a seamless online shopping experience while demonstrating my web development skills.
